INTERNATIONAL RACQUETBALL FEDERATION ANTI-DOPING RULES

INTRODUCTION

Preface

At the International Racquetball Federation Congress held on August 4, 2004 in Seoul, South Korea the International Racquetball Federation accepted the World Anti-Doping *Code* (the "*Code*"). These Anti-Doping Rules are adopted and implemented in conformance with International Racquetball Federation's responsibilities under the *Code*, and are in furtherance of International Racquetball Federation's continuing efforts to eradicate doping in the sport of racquetball

Anti-Doping Rules, like *Competition* rules, are sport rules governing the conditions under which sport is played. *Athletes* accept these rules as a condition of participation. Anti-Doping Rules are not intended to be subject to or limited by the requirements and legal standards applicable to criminal proceedings or employment matters. The policies and minimum standards set forth in the *Code* and implemented in these Anti-Doping Rules represent the consensus of a broad spectrum of stakeholders with an interest in fair sport and should be respected by all courts and adjudicating bodies.

Fundamental Rationale for the Code and International Racquetball Federation's Anti-Doping Rules

Anti-doping programs seek to preserve what is intrinsically valuable about sport. This intrinsic value is often referred to as "the spirit of sport"; it is the essence of Olympism; it is how we play true. The spirit of sport is the celebration of the human spirit, body and mind, and is characterized by the following values:

- Ethics, fair play and honesty
- Health
- Excellence in performance
- Character and education
- Fun and joy
- Teamwork
- Dedication and commitment
- Respect for rules and laws
- Respect for self and other participants
- Courage
- Community and solidarity

Doping is fundamentally contrary to the spirit of sport.

Scope

These Anti-Doping Rules shall apply to the International Racquetball Federation, each *National Federation* of the International Racquetball Federation, and each *Participant* in the activities of the International Racquetball Federation or any of its *National Federations* by virtue of the *Participant's* membership, accreditation, or participation in the International Racquetball Federation, its *National Federations*, or their activities or *Events*.

To be eligible for participation in the International Racquetball Federation events, a competitor must have an International Racquetball Federation licence issued by his or her National Federation. The International Racquetball Federation licence will only be issued to competitors who have personally signed the Appendix 2. All forms from under-age applicants must be counter-signed by their legal guardians.

The National Federation must guarantee that all athletes registered for the International Racquetball Federation Licence accept the Rules of the International Racquetball Federation, including these International Racquetball Federation Anti-Doping Rules compiled in accordance with the World Anti-Doping Code.

It is the responsibility of each *National Federation* to ensure that all national-level *Testing* on the *National Federation's Athletes* complies with these Anti-Doping Rules. In most cases, the *National Federation* itself will be conducting the *Doping Control* described in these Anti-Doping Rules. In other countries, many of the *Doping Control* responsibilities of the *National Federation* have been delegated or assigned by statute to a *National Anti-Doping Organization*. In those countries, references in these Anti-Doping Rules to the *National Federation* shall apply, as applicable, to the *National Federation's National Anti-Doping Organization*.

These Anti-Doping Rules shall apply to all *Doping Controls* over which the International Racquetball Federation and its *National Federations* have jurisdiction.

ARTICLE 1 DEFINITION OF DOPING

Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Article 2.1 through Article 2.8 of these Anti-Doping Rules.

ARTICLE 2 ANTI-DOPING RULE VIOLATIONS

The following constitute anti-doping rule violations:

2.1 The presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's* bodily *Specimen*

2.1.1 It is each *Athlete's* personal duty to ensure that no *Prohibited Substance* enters his or her body. *Athletes* are responsible for any *Prohibited Substance* or its *Metabolites* or *Markers* found to be present in their bodily *Specimens*. Accordingly, it is not necessary that intent, fault, negligence or knowing *Use* on the *Athlete's* part be demonstrated in order to establish an anti-doping violation under Article 2.1.

2.1.2 Excepting those substances for which a quantitative reporting threshold is specifically identified in the *Prohibited List*, the detected presence of any quantity of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample* shall constitute an anti-doping rule violation.

2.1.3 As an exception to the general rule of Article 2.1, the *Prohibited List* may establish special criteria for the evaluation of *Prohibited Substances* that can also be produced endogenously.

2.2 Use or Attempted Use of a *Prohibited Substance* or a *Prohibited Method*

2.2.1 The success or failure of the *Use* of a *Prohibited Substance* or *Prohibited Method* is not material. It is sufficient that the *Prohibited Substance* or *Prohibited Method* was *Used* or *Attempted* to be *Used* for an anti-doping rule violation to be committed.

2.3 Refusing, or failing without compelling justification, to submit to *Sample* collection after notification as authorized in these Anti-Doping Rules or otherwise evading *Sample* collection.

2.4 Violation of the requirements regarding *Athlete* availability for *Out-of-Competition Testing* including failure to provide required whereabouts information set forth in Article 5.5 (*Athlete* whereabouts requirements) and missed tests which are declared based on reasonable rules.

2.5 *Tampering, or Attempting to tamper, with any part of Doping Control.*

2.6 Possession of Prohibited Substances and Methods

2.6.1 *Possession by an Athlete at any time or place of a substance that is prohibited in Out-of-Competition Testing or a Prohibited Method unless the Athlete establishes that the Possession is pursuant to a therapeutic use exemption granted in accordance with Article 4.4 (Therapeutic Use) or other acceptable justification.*

2.6.2 *Possession of a Prohibited Substance that is prohibited in Out-of-Competition Testing or a Prohibited Method by Athlete Support Personnel in connection with an Athlete, Event or training, unless the Athlete Support Personnel establishes that the Possession is pursuant to a therapeutic use exemption granted to an Athlete in accordance with Article 4.4 (Therapeutic Use) or other acceptable justification.*

2.7 *Trafficking in any Prohibited Substance or Prohibited Method.*

2.8 *Administration or Attempted administration of a Prohibited Substance or Prohibited Method to any Athlete, or assisting, encouraging, aiding, abetting, covering up or any other type of complicity involving an anti-doping rule violation or any Attempted violation.*

ARTICLE 3 PROOF OF DOPING

3.1 Burdens and Standards of Proof

The International Racquetball Federation and its *National Federations* shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether the International Racquetball Federation or its *National Federation* has established an anti-doping rule violation to the comfortable satisfaction of the hearing body bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt. Where these Rules place the burden of proof upon the *Athlete* or other *Person* alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, the standard of proof shall be by a balance of probability.

3.2 Methods of Establishing Facts and Presumptions

Facts related to anti-doping rule violations may be established by any reliable means, including admissions. The following rules of proof shall be applicable in doping cases:

3.2.1 *WADA-accredited laboratories are presumed to have conducted Sample analysis and custodial procedures in accordance with the International Standard for laboratory analysis. The Athlete may rebut*

this presumption by establishing that a departure from the *International Standard* occurred.

If the *Athlete* rebuts the preceding presumption by showing that a departure from the *International Standard* occurred, then the International Racquetball Federation or its *National Federation* shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*.

3.2.2 Departures from the *International Standard for Testing* which did not cause an *Adverse Analytical Finding* or other anti-doping rule violation shall not invalidate such results. If the *Athlete* establishes that departures from the *International Standard* occurred during *Testing* then the International Racquetball Federation or its *National Federation* shall have the burden to establish that such departures did not cause the *Adverse Analytical Finding* or the factual basis for the anti-doping rule violation.

ARTICLE 4 THE PROHIBITED LIST

4.1 Incorporation of the *Prohibited List*

These Anti-Doping Rules incorporate the *Prohibited List* which is published and revised by WADA as described in Article 4.1 of the *Code*. The International Racquetball Federation will make the current *Prohibited List* available to each *National Federation*, and each *National Federation* shall ensure that the current *Prohibited List* is available to its members and constituents.

4.2 *Prohibited Substances and Prohibited Methods Identified on the Prohibited List*

Unless provided otherwise in the *Prohibited List* and/or a revision, the *Prohibited List* and revisions shall go into effect under these Anti-Doping Rules three months after publication of the *Prohibited List* by WADA without requiring any further action by the International Racquetball Federation. As described in Article 4.2 of the *Code*, the International Racquetball Federation may request that WADA expand the *Prohibited List* for the sport of racquetball. The International Racquetball Federation may also request that WADA include additional substances or methods, which have the potential for abuse in the sport of racquetball, in the monitoring program described in Article 4.5 of the *Code*. As provided in the *Code*, WADA shall make the final decision on such requests by the International Racquetball Federation.

4.3 Criteria for Including Substances and Methods on the *Prohibited List*

As provided in Article 4.4.3 of the *Code*, WADA's determination of the *Prohibited Substances* and *Prohibited Methods* that will be included on the *Prohibited List* shall be final and shall not be subject to challenge by an *Athlete* or other *Person*.

4.4 Therapeutic Use

4.4.1 *Athletes* with a documented medical condition requiring the use of a *Prohibited Substance* or a *Prohibited Method* must first obtain a Therapeutic Use Exemption ("TUE").

4.4.2 *Athletes*, prior to their participation in any *International Event* must obtain a TUE from their *National Anti-Doping Organization* or other body designated by their *National Federation*. *National Federations* shall promptly report any such TUE's to the International Racquetball Federation and WADA.

4.4.3 *Athletes* participating in *International Events* must, except in emergency situations, request a TUE from the International Racquetball Federation no later than 21 days before the *Athlete's* participation at an *International Event*.

4.4.4 WADA, at the request of an *Athlete* or on its own initiation, may review the granting or denial of any TUE to an *International Level Athlete* or a national level *Athlete* that is included in a *Registered Testing Pool*. If WADA determines that the granting or denial of a TUE did not comply with the *International Standard* for Therapeutic Use Exemptions in force at the time then WADA may reverse that decision. Decisions on TUE's are subject to further appeal as provided in Article 13.

ARTICLE 5 TESTING

5.1 Authority to Test

All *Athletes* affiliated with a *National Federation* shall be subject to *In-Competition Testing* by the International Racquetball Federation, the *Athlete's National Federation*, and any other *Anti-Doping Organization* responsible for *Testing* at a *Competition* or *Event* in which they participate. All *Athletes* affiliated with a *National Federation* shall also be subject to *Out-of-Competition Testing* at any time or place, with or without advance notice, by the International Racquetball Federation, *WADA*, the *Athlete's National Federation*, the *National Anti-Doping Organization* of any country where the *Athlete* is present, the IOC during the Olympic Games, and the IPC during Paralympic Games.

5.2 Responsibility for the International Racquetball Federation Testing

The International Racquetball Federation shall be responsible for overseeing all *Testing* conducted by the International Racquetball Federation. *Testing* may be conducted by members of the International Racquetball Federation or by other qualified persons so authorized by the International Racquetball Federation.

5.3 Testing Standards

Testing conducted by the International Racquetball Federation and its *National Federations* shall be in substantial conformity with the *International Standard for Testing* in force at the time of *Testing*.

5.3.1 Blood (or other non-urine) *Samples* may be used either to detect *Prohibited Substances* or *Prohibited Methods* or for screening procedure purposes only. If the blood is collected for screening only, it will have no other consequences for the *Athlete* other than to identify him/her for a urine test under these anti-doping rules. In these circumstances, the International Racquetball Federation may decide at its own discretion which blood parameters are to be measured in the screening *Sample* and what levels of those parameters will be used to indicate that an *Athlete* should be selected for a urine test.

5.4 Coordination of Testing

The International Racquetball Federation and *National Federations* shall promptly report completed tests through the *WADA* clearinghouse to avoid unnecessary duplication in *Testing*.

5.5 Athlete Whereabouts Requirements

5.5.1 Each *National Federation* shall assist their *National Anti-Doping Organization* in establishing a national level *Registered Testing Pool* of top level national *Athletes*. The *National Federation/National Anti-Doping Organization* shall establish its own whereabouts reporting requirements and criteria for Article 2.4 violations applicable to those *Athletes*.

5.5.5 Whereabouts information provided pursuant to Articles 5.5.1 shall be shared with *WADA* and other *Anti-Doping Organizations* having jurisdiction to test an *Athlete* on the strict condition that it be used only for *Doping Control* purposes.

5.6 Retirement and Return to Competition

5.6.1 An *Athlete* who has been identified by a *National Federation* for inclusion in the Federation's *Registered Testing Pool* shall continue to be subject to these Anti-Doping Rules, including the obligation to be available for *No Advance Notice Out-of-Competition Testing*, unless and until the *Athlete* gives written notice to the *National Federation* that he or she has retired or until he or she no longer satisfies the criteria for inclusion in the *National Federation's Registered Testing Pool*.

5.7 Selection of Athletes to be Tested

5.7.1 At *International Events*, the International Racquetball Federation shall determine the number of finishing placement tests, random tests and target tests to be performed.

The International Racquetball Federation shall target a certain number of athletes not necessarily linked to final placements in order to maximize the diversity of athletes tested or based on information provided by the WADA Clearinghouse on previous tests.

5.7.2 At *National Events*, each *National Federation* shall determine the number of Athletes selected for *Testing* in each *Competition* and the procedures for selecting the *Athletes* for *Testing*.

5.7.3 In addition to the selection procedures set forth in Articles 5.7.1 and 5.7.2 above, at *International Events*, and the *National Federation* at *National Events*, the Federation may also select *Athletes* or teams for *Target Testing* so long as such *Target Testing* is not used for any purpose other than legitimate *Doping Control* purposes.

5.7.4 *Athletes* shall be selected for *Out-of-Competition Testing* by the International Racquetball Federation and by *National Federations* through a process that substantially complies with the *International Standard for Testing* in force at the time of selection.

5.8 *National Federations* and the organizing committees for *National Federation Events* shall provide access to *Independent Observers at Events* as directed by the International Racquetball Federation.

ARTICLE 6 ANALYSIS OF SAMPLES

Doping Control Samples collected under these Anti-Doping Rules shall be analyzed in accordance with the following principles:

6.1 Use of Approved Laboratories

The International Racquetball Federation shall send *Doping Control Samples* for analysis only to *WADA*-accredited laboratories or as otherwise approved by *WADA*. The choice of the *WADA*-accredited laboratory (or other method approved by *WADA*) used for the *Sample* analysis shall be determined exclusively by the International Racquetball Federation.

6.2 Substances Subject to Detection

Doping Control Samples shall be analyzed to detect *Prohibited Substances* and *Prohibited Methods* identified on the *Prohibited List* and other substances as may be directed by *WADA* pursuant to the Monitoring Program described in Article 4.5 of the *Code*.

6.3 Research on Samples

No *Sample* may be used for any purpose other than the detection of substances (or classes of substances) or methods on the *Prohibited List*, or as otherwise identified by *WADA* pursuant to its Monitoring Program, without the *Athlete's* written consent.

6.4 Standards for Sample Analysis and Reporting

Laboratories shall analyze *Doping Control Samples* and report results in conformity with the *International Standard* for Laboratory Analysis.

ARTICLE 7 RESULTS MANAGEMENT

7.1 Results Management for *Tests* Initiated by the International Racquetball Federation

Results management for *Tests* initiated by the International Racquetball Federation (including *Tests* performed by WADA pursuant to agreement with the International Racquetball Federation) shall proceed as set forth below:

7.1.1 The results from all analyses must be sent to the International Racquetball Federation in encoded form, in a report signed by an authorised representative of the laboratory. All communication must be conducted in such a way that the results of the analyses are confidential.

7.1.2 Upon receipt of an *A Sample Adverse Analytical Finding*, the International Racquetball Federation Anti-Doping Administrator shall conduct a review to determine whether: (a) an applicable therapeutic use exemption has been granted, or (b) there is any apparent departure from the *International Standards for Testing or Laboratory Analysis* that undermines the validity of the *Adverse Analytical Finding*.

7.1.3 If the initial review under Article 7.1.2 does not reveal an applicable therapeutic use exemption or departure from the *International Standard for Testing or the International Standard for laboratory analysis* in force at the time of *Testing* or analysis that undermines the validity of the *Adverse Analytical Finding*, the International Racquetball Federation shall promptly notify the *Athlete* of: (a) the *Adverse Analytical Finding*; (b) the anti-doping rule violated, or, in a case under Articles 7.1.8 or 7.1.9, a description of the additional investigation that will be conducted as to whether there is an anti-doping rule violation; (c) the *Athlete's* right to promptly request the analysis of the *B Sample* or, failing such request, that the *B Sample* analysis may be deemed waived; (d) the right of the *Athlete* and/or the *Athlete's* representative to attend the *B Sample* opening and analysis if such analysis is requested; and (e) the *Athlete's* right to request copies of the *A* and *B Sample* laboratory documentation package which includes information as required by the *International Standard for Laboratory Analysis*.

7.1.4 Arrangements shall be made for *Testing* the *B Sample* within three weeks of the notification described in Article 7.1.3. An *Athlete* may accept the *A Sample* analytical results by waiving the requirement for *B Sample* analysis. The International Racquetball Federation may nonetheless elect to proceed with the *B Sample* analysis.

7.1.5 The *Athlete* and/or his representative shall be allowed to be present at the analysis of the *B Sample*. Also a representative of the

Athlete's National Federation as well as a representative of the International Racquetball Federation shall be allowed to be present.

7.1.6 If the *B Sample* proves negative, the entire test shall be considered negative and the *Athlete*, his *National Federation*, and the International Racquetball Federation shall be so informed.

7.1.7 If a *Prohibited Substance* or the *Use of a Prohibited Method* is identified, the findings shall be reported to the *Athlete*, his *National Federation*, the International Racquetball Federation, and to *WADA*.

7.1.8 The International Racquetball Federation Anti-Doping Administrator shall conduct any follow-up investigation as may be required by the *Prohibited List*. Upon completion of such follow-up investigation, the International Racquetball Federation shall promptly notify the *Athlete* regarding the results of the follow-up investigation and whether or not the International Racquetball Federation asserts that an anti-doping rule was violated.

7.1.9 For apparent anti-doping rule violations that do not involve *Adverse Analytical Findings*, the International Racquetball Federation shall conduct any necessary follow-up investigation and shall then promptly notify the *Athlete* of the anti-doping rule which appears to have been violated, and the basis of the violation.

7.2 Results Management for Tests Initiated During Other International Events

Results management and the conduct of hearings from a test by the International Olympic Committee, the International Paralympic Committee, or a Major Event Organization, shall be managed, as far as sanctions beyond Disqualification from the Event or the results of the Event, by the International Racquetball Federation.

7.3 Results Management for Tests initiated by National Federations

Results management conducted by *National Federations* shall be consistent with the general principles for effective and fair results management which - underlie the detailed provisions set forth in Article 7.1. Results of all *Doping Controls* shall be reported to the International Racquetball Federation within 14 days of the conclusion of the *National Federation's* results management process. Any apparent anti-doping rule violation by an *Athlete* who is a member of that *National Federation* shall be promptly referred to an appropriate hearing panel established pursuant to the rules of the *National Federation* or national law. Apparent anti-doping rule violations by *Athletes* who are members of another *National Federation* shall be referred to the *Athlete's National Federation* for hearing.

7.4 Provisional Suspensions

The International Racquetball Federation Executive, after consultation with the International Racquetball Federation Anti-Doping Administrator may Provisionally Suspend an *Athlete* prior to the opportunity for a full hearing based on an *Adverse Analytical Finding* from the *Athlete's A Sample* or *A and B Samples* and the review described in Article 7.1. If a *Provisional Suspension* is imposed, either the hearing in accordance with Article 8 shall be advanced to a date which avoids substantial prejudice to the *Athlete*, or the *Athlete* shall be given an opportunity for a *Provisional Hearing* before imposition of the *Provisional Suspension* or on a timely basis after imposition of the *Provisional Suspension*. *National Federations* may impose *Provisional Suspensions* in accordance with the principles set forth in this Article 7.3.

ARTICLE 8 RIGHT TO A FAIR HEARING

8.1 When it appears, following the results management process described in Article 7, that these Anti-Doping Rules have been violated, the *Athlete* or other *Person* involved shall be brought before a disciplinary panel of the *Athlete* or other *Person's National Federation* for a hearing to adjudicate whether a violation of these Anti-Doping Rules occurred and if so what *Consequences* should be imposed. Such hearing process shall respect the following principles:

- a timely hearing;
- fair and impartial hearing body;
- the right to be represented by counsel at the *Person's* own expense;
- the right to be fairly and timely informed of the asserted anti-doping rule violation;
- the right to respond to the asserted anti-doping rule violation and resulting *Consequences*;
- the right of each party to present evidence, including the right to call and question witnesses (subject to the hearing body's discretion to accept testimony by telephone or written submission);
- the *Person's* right to an interpreter at the hearing, with the Doping Panel to determine the identity, and responsibility for the cost of the interpreter; and
- a timely, written, reasoned decision.

8.2 Hearings pursuant to this Article shall be completed expeditiously and in all cases within three months of the completion of the Results Management process described in Article 7. Hearings held in connection with *Events* may be conducted by an expedited process. If the completion of the hearing is delayed beyond three months, the International Racquetball Federation may elect, if the *Athlete* is an *International Level Athlete*, to bring the case directly to a single arbitrator from the Court of Arbitration for Sport. The case before the Court of Arbitration for Sport shall be handled in accordance with the Court of Arbitration for Sport appeal procedure without reference to any time limit for appeal. If the completion of the hearing is delayed beyond three months, and the *Athlete* is not an *International Level Athlete*, the International Racquetball Federation may elect to bring the case directly to the national level appellate body referenced in Article 13.2.2. In either case, the hearing shall proceed at the responsibility of and the expense of the *National Federation*. In either case the appeal from such decision shall be to the Court of Arbitration for Sport.

8.3 *National Federations* shall keep the International Racquetball Federation fully apprised as to the status of pending cases and the results of all hearings.

8.4 The International Racquetball Federation shall have the right to attend hearings as an observer.

8.5 The *Athlete* or other *Person* may forego a hearing by acknowledging the violation of these Anti-Doping Rules and accepting *Consequences* consistent with Articles 9 and 10 as proposed by the *National Federation*.

8.6 Decisions by *National Federations*, whether as the result of a hearing or the *Athlete* or other *Person's* acceptance of *Consequences*, may be appealed as provided in Article 13.

8.7 Hearing decisions by the *National Federation* shall not be subject to further administrative review at the national level except as provided in Article 13 or as required by applicable national law.

ARTICLE 9 AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

A violation of these Anti-Doping Rules in connection with an *In-Competition* test automatically leads to *Disqualification* of the individual result obtained in that *Competition* with all resulting consequences, including forfeiture of any medals, points and prizes.

ARTICLE 10 SANCTIONS ON INDIVIDUALS

10.1 *Disqualification of Results in Event During which an Anti-Doping Rule Violation Occurs*

An *Anti-Doping Rule* violation occurring during or in connection with an *Event* may lead to *Disqualification* of all of the *Athlete's* individual results obtained in that *Event* with all consequences, including forfeiture of all medals, points and prizes, except as provided in Article 10.1.1.

10.1.1 If the *Athlete* establishes that he or she bears *No Fault or Negligence* for the violation, the *Athlete's* individual results in the other *Competition* shall not be *Disqualified* unless the *Athlete's* results in *Competition* other than the *Competition* in which the anti-doping rule violation occurred were likely to have been affected by the *Athlete's* anti-doping rule violation.

10.2 Imposition of *Ineligibility* for *Prohibited Substances* and *Prohibited Methods*

Except for the specified substances identified in Article 10.3, the period of *Ineligibility* imposed for a violation of Article 2.1 (presence of *Prohibited Substance* or its *Metabolites* or *Markers*), Article 2.2 (*Use or Attempted Use of Prohibited Substance* or *Prohibited Method*) and Article 2.6 (*Possession of Prohibited Substances* and *Methods*) shall be:

First violation: Two (2) years' *Ineligibility*.

Second violation: Lifetime *Ineligibility*.

However, the *Athlete* or other *Person* shall have the opportunity in each case, before a period of *Ineligibility* is imposed, to establish the basis for eliminating or reducing this sanction as provided in Article 10.5.

10.3 Specified Substances

The *Prohibited List* may identify specified substances which are particularly susceptible to unintentional anti-doping rules violations because of their general availability in medicinal products or which are less likely to be successfully abused as doping agents. Where an *Athlete* can establish that the *Use* of such a specified substance was not intended to enhance sport performance, the period of *Ineligibility* found in Article 10.2 shall be replaced with the following:

First violation: At a minimum, a warning and reprimand and no period of *Ineligibility* from future *Events*, and at a maximum, one (1) year's *Ineligibility*.

Second violation: Two (2) years' *Ineligibility*.

Third violation: Lifetime *Ineligibility*.

However, the *Athlete* or other *Person* shall have the opportunity in each case, before a period of *Ineligibility* is imposed, to establish the basis for eliminating or reducing (in the case of a second or third violation) this sanction as provided in Article 10.5.

10.4 *Ineligibility for Other Anti-Doping Rule Violations*

The period of *Ineligibility* for other violations of these Anti-Doping Rules shall be:

10.4.1 For violations of Article 2.3 (refusing or failing to submit to *Sample* collection) or Article 2.5 (*Tampering with Doping Control*), the *Ineligibility* periods set forth in Article 10.2 shall apply.

10.4.2 For violations of Article 2.7 (*Trafficking*) or Article 2.8 (administration of *Prohibited Substance* or *Prohibited Method*), the period of *Ineligibility* imposed shall be a minimum of four (4) years up to lifetime *Ineligibility*. An anti-doping rule violation involving a *Minor* shall be considered a particularly serious violation, and, if committed by *Athlete Support Personnel* for violations other than specified substances referenced in Article 10.3, shall result in lifetime *Ineligibility* for such *Athlete Support Personnel*. In addition, violations of such Articles which also violate non-sporting laws and regulations, may be reported to the competent administrative, professional or judicial authorities.

10.4.3 For violations of Article 2.4 (Whereabouts Violations or Missed Tests), the period of *Ineligibility* shall be:

First violation: Three (3) months to one (1) year *Ineligibility*.

Second and subsequent violations: Two (2) years' *Ineligibility*.

10.5 Elimination or Reduction of Period of *Ineligibility* Based on Exceptional Circumstances

10.5.1 If the *Athlete* establishes in an individual case involving an anti-doping rule violation under Article 2.1 (presence of *Prohibited Substance* or its *Metabolites* or *Markers*) or *Use of a Prohibited Substance* or *Prohibited Method* under Article 2.2 that he or she bears *No Fault or Negligence* for the violation, the otherwise applicable

period of *Ineligibility* shall be eliminated. When a *Prohibited Substance* or its *Markers* or *Metabolites* is detected in an *Athlete's Specimen* in violation of Article 2.1 (presence of *Prohibited Substance*), the *Athlete* must also establish how the *Prohibited Substance* entered his or her system in order to have the period of *Ineligibility* eliminated. In the event this Article is applied and the period of *Ineligibility* otherwise applicable is eliminated, the anti-doping rule violation shall not be considered a violation for the limited purpose of determining the period of *Ineligibility* for multiple violations under Article 10.2, 10.3 and 10.6.

10.5.2 This Article 10.5.2 applies only to anti-doping rule violations involving Article 2.1 (presence of *Prohibited Substance* or its *Metabolites* or *Markers*), *Use* of a *Prohibited Substance* or *Prohibited Method* under Article 2.2, failing to submit to *Sample* collection under Article 2.3, or administration of a *Prohibited Substance* or *Prohibited Method* under Article 2.8. If an *Athlete* establishes in an individual case involving such violations that he or she bears *No Significant Fault or Negligence*, then the period of *Ineligibility* may be reduced, but the reduced period of *Ineligibility* may not be less than one-half of the minimum period of *Ineligibility* otherwise applicable. If the otherwise applicable period of *Ineligibility* is a lifetime, the reduced period under this section may be no less than 8 years. When a *Prohibited Substance* or its *Markers* or *Metabolites* is detected in an *Athlete's Specimen* in violation of Article 2.1 (presence of *Prohibited Substance*), the *Athlete* must also establish how the *Prohibited Substance* entered his or her system in order to have the period of *Ineligibility* reduced.

10.5.3 The International Racquetball Federation [Executive] [the International Racquetball Federation Doping Hearing Panel] may also reduce the period of *Ineligibility* in an individual case where the *Athlete* has provided substantial assistance to *the International Racquetball Federation* which results in *the International Racquetball Federation* discovering or establishing an anti-doping rule violation by another *Person* involving *Possession* under Article 2.6.2 (*Possession* by *Athlete Support Personnel*), Article 2.7 (*Trafficking*), or Article 2.8 (administration to an *Athlete*). The reduced period of *Ineligibility* may not, however, be less than one-half of the minimum period of *Ineligibility* otherwise applicable. If the otherwise applicable period of *Ineligibility* is a lifetime, the reduced period under this Article may be no less than 8 years.

10.6 Rules for Certain Potential Multiple Violations

10.6.1 For purposes of imposing sanctions under Article 10.2, 10.3 and 10.4, a second anti-doping rule violation may be considered for purposes of imposing sanctions only if the International Racquetball Federation (or its *National Federation*) can establish that the *Athlete* or

other *Person* committed the second anti-doping rule violation after the *Athlete* or other *Person* received notice, or after the International Racquetball Federation (or its *National Federation*) made a reasonable attempt to give notice, of the first anti-doping rule violation; if the International Racquetball Federation (or its *National Federation*) cannot establish this, the violations shall be considered as one single first violation, and the sanction imposed shall be based on the violation that carries the more severe sanction.

10.6.2 Where an *Athlete*, based on the same *Doping Control*, is found to have committed an anti-doping rule violation involving both a specified substance under Article 10.3 and another *Prohibited Substance* or *Prohibited Method*, the *Athlete* shall be considered to have committed a single anti-doping rule violation, but the sanction imposed shall be based on the *Prohibited Substance* or *Prohibited Method* that carries the most severe sanction.

10.6.3 Where an *Athlete* is found to have committed two separate anti-doping rule violations, one involving a specified substance governed by the sanctions set forth in Article 10.3 (specified substances) and the other involving a *Prohibited Substance* or *Prohibited Method* governed by the sanctions set forth in Article 10.2 or a violation governed by the sanctions in Article 10.4.1, the period of *Ineligibility* imposed for the second offense shall be at a minimum two years' *Ineligibility* and at a maximum three years' *Ineligibility*. Any *Athlete* found to have committed a third anti-doping rule violation involving any combination of specified substances under Article 10.3 and any other anti-doping rule violation under Article 10.2 or 10.4.1 shall receive a sanction of lifetime *Ineligibility*.

10.7 Disqualification of Results in Competitions Subsequent to Sample Collection

In addition to the automatic *Disqualification* of the results in the *Competition* which produced the positive *Sample* under Article 9 (Automatic *Disqualification* of Individual Results), all other competitive results obtained from the date a positive *Sample* was collected (whether *In-Competition* or *Out-of-Competition*), or other doping violation occurred, through the commencement of any *Provisional Suspension* or *Ineligibility* period, shall, unless fairness requires otherwise, be *Disqualified* with all of the resulting consequences including forfeiture of any medals, points and prizes.

10.8 Commencement of Ineligibility Period

The period of *Ineligibility* shall start on the date of the hearing decision providing for *Ineligibility* or, if the hearing is waived, on the date *Ineligibility* is accepted or otherwise imposed. Any period of *Provisional Suspension* (whether imposed or voluntarily accepted) shall be credited against the total period of *Ineligibility* to be served. Where required by fairness, such as delays in the

hearing process or other aspects of *Doping Control* not attributable to the *Athlete*, the *International Racquetball Federation* or *Anti-Doping Organization* imposing the sanction may start the period of *Ineligibility* at an earlier date commencing as early as the date of *Sample* collection.

10.9 Status During *Ineligibility*

No *Person* who has been declared *Ineligible* may, during the period of *Ineligibility*, participate in any capacity in an *Event* or activity (other than authorized anti-doping education or rehabilitation programs) authorized or organized by the International Racquetball Federation or any *National Federation*. In addition, for any anti-doping rule violation not involving specified substances described in Article 10.3, some or all sport-related financial support or other sport-related benefits received by such *Person* will be withheld by the International Racquetball Federation and its *National Federations*.

10.10 Reinstatement Testing

As a condition to regaining eligibility at the end of a specified period of *Ineligibility*, an *Athlete* must, during any period of *Provisional Suspension* or *Ineligibility*, make him or herself available for *Out-of-Competition Testing* by the International Racquetball Federation, the applicable *National Federation*, and any other *Anti-Doping Organization* having *Testing* jurisdiction, and must provide current and accurate whereabouts information as provided in Article 5.5. If an *Athlete* subject to a period of *Ineligibility* retires from sport and is removed from *Out-of-Competition Testing* pools and later seeks reinstatement, the *Athlete* shall not be eligible for reinstatement until the *Athlete* has notified the International Racquetball Federation and the applicable *National Federation* and has been subject to *Out-of-Competition Testing* for a period of time equal to the longer of the period set forth in Article 5.6 or the period of *Ineligibility* remaining as of the date the *Athlete* had retired.

ARTICLE 11 CONSEQUENCES TO TEAMS

11.1 If a member of a doubles team is found to have committed a violation of these Anti-Doping Rules during an *Event*, the doubles team shall be *Disqualified* from the *Event*.

11.2 If a member of a team is found to have committed a violation of these Anti-Doping Rules during an *Event* where a team ranking is based on the addition of individual results, the results of the *Athlete* committing the violation will be subtracted from the team result and replaced with the results of the

next applicable team member. If by removing the *Athlete's* results from the team results, the number of *Athletes* counting for the team is less than the required number, the team shall be eliminated from the ranking.

ARTICLE 12 SANCTIONS AND COSTS ASSESSED AGAINST NATIONAL FEDERATIONS

12.1 The International Racquetball Federation has the authority to withhold some or all funding or other non financial support to *National Federations* that are not in compliance with these Anti-Doping Rules.

12.2 *National Federations* shall be obligated to reimburse the International Racquetball Federation for all costs (including but not limited to laboratory fees, hearing expenses and travel) related to a violation of these Anti-Doping Rules committed by an *Athlete* or other *Person* affiliated with that *National Federation*.

12.3 The International Racquetball Federation may elect to take additional disciplinary action against National Federations with respect to recognition, the eligibility of its officials and athletes to participate in International Events and fines based on the following:

12.3.1 Four or more violations of these Anti-Doping Rules (other than violations involving Articles 2.4 and 10.3) are committed by *Athletes* or other *Persons* affiliated with a *National Federation* within a 12-month period in testing conducted by the International Racquetball Federation or Anti-Doping Organizations other than the *National Federation* or its *National Anti-Doping Organization*. In such event the International Racquetball Federation may in its discretion elect to: (a) ban all officials from that *National Federation* for participation in any International Racquetball Federation activities for a period of up to two years and/or (b) fine the *National Federation* in an amount up to \$500 U.S. Dollars. (For purposes of this Rule, any fine paid pursuant to Rule 12.3.2 shall be credited against any fine assessed.)

12.3.1.1 If four or more violations of these Anti-Doping Rules (other than violations involving Articles 2.4 and 10.3) are committed in addition to the violations described in Article 12.3.1 by *Athletes* or other *Persons* affiliated with a *National Federation* within a 12-month period in testing conducted by the International Racquetball Federation or Anti-Doping Organizations other than the *National Federation* or its *National Anti-Doping Organization*, then the International Racquetball Federation may suspend that *National Federation's* membership for a period of up to 4 years.

12.3.2 More than one *Athlete* or other *Person* from a *National Federation* commits an *Anti-Doping Rule* violation during an *International Event*. In such event the International Racquetball

Federation may fine that *National Federation* in an amount up to \$500 U.S. Dollars.

12.3.3 A *National Federation* has failed to make diligent efforts to keep the International Racquetball Federation informed about an *Athlete's* whereabouts after receiving a request for that information from the International Racquetball Federation. In such event the International Racquetball Federation may fine the National Federation in an amount up to \$500 U.S. Dollars per *Athlete* in addition to all of the International Racquetball Federation costs incurred in *Testing* that *National Federation's Athletes*.

ARTICLE 13 APPEALS

13.1 Decisions Subject to Appeal

Decisions made under these Anti-Doping Rules may be appealed as set forth below in Article 13.2 through 13.4. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise. Before an appeal is commenced, any post-decision review authorized in Article [8.7] [8.2.7] must be exhausted.

13.2 Appeals from Decisions Regarding *Anti-Doping* Rule Violations, Consequences, and *Provisional Suspensions*

A decision that an anti-doping rule violation was committed, a decision imposing *Consequences* for an anti-doping rule violation, a decision that no anti-doping rule violation was committed, a decision that the *International Racquetball Federation* or its *National Federation* lacks jurisdiction to rule on an alleged anti-doping rule violation or its *Consequences*, and a decision to impose a *Provisional Suspension* as a result of a *Provisional Hearing* or otherwise in violation of Article 7.4 may be appealed exclusively as provided in this Article 13.2. Notwithstanding any other provision herein, the only *Person* that may appeal from a *Provisional Suspension* is the *Athlete* or other *Person* upon whom the *Provisional Suspension* is imposed.

13.2.1 In cases arising from competition in an *International Event* or in cases involving *International-Level Athletes*, the decision may be appealed exclusively to the Court of Arbitration for Sport ("CAS") in accordance with the provisions applicable before such court.

13.2.2 In cases involving *Athletes* that do not have a right to appeal under Article 13.2.1, each *National Federation* shall have in place an appeal procedure that respects the following principles: a timely hearing, a fair and impartial hearing body; the right to be represented by a counsel at the person's expense; and a timely, written, reasoned decision. The International Racquetball Federation's

rights of appeal with respect to these cases are set forth in Article 13.2.3 below.

13.2.3 In cases under Article 13.2.1, the following parties shall have the right to appeal to CAS: (a) the *Athlete* or other *Person* who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) the International Racquetball Federation and any other *Anti-Doping Organization* under whose rules a sanction could have been imposed; (d) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (e) *WADA*. In cases under Article 13.2.2, the parties having the right to appeal to the national-level reviewing body shall be as provided in the *National Federation's* rules but, at a minimum, shall include: (a) the *Athlete* or other *Person* who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) the International Racquetball Federation; and (d) *WADA*. For cases under Article 13.2.2, *WADA* and the International Racquetball Federation shall also have the right to appeal to CAS with respect to the decision of the national-level reviewing body.

13.3 Appeals from Decisions Granting or Denying a Therapeutic Use Exemption

Decisions by *WADA* reversing the grant or denial of a TUE exemption may be appealed exclusively to CAS by the *Athlete*, the International Racquetball Federation, or *National Anti-Doping Organization* or other body designated by a *National Federation* which granted or denied the exemption. Decisions to deny therapeutic use exemptions, and which are not reversed by *WADA*, may be appealed by *International-Level Athletes* to CAS and by other *Athletes* to the national level reviewing body described in Article 13.2.2. If the national level reviewing body reverses the decision to deny a therapeutic use exemption, that decision may be appealed to CAS by *WADA*.

13.4 Appeal from Decisions Pursuant to Article 12

Decisions by the International Racquetball Federation pursuant to Article 12 may be appealed exclusively to CAS by the *National Federation*.

13.5 Time for Filing Appeals

The time to file an appeal to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party. The above notwithstanding, the following shall apply in connection with appeals filed by a party entitled to appeal but which was not a party to the proceedings having lead to the decision subject to appeal:

- a) Within ten (10) days from notice of the decision, such party/parties shall have the right to request from the body having issued the decision a copy of the file on which such body relied;
- b) If such a request is made within the ten-day period, then the party making such request shall have twenty-one (21) days from receipt of the file to file an appeal to CAS.

14.4 Public Disclosure

Neither the International Racquetball Federation nor its *National Federation* shall publicly identify *Athletes* whose *Samples* have resulted in *Adverse Analytical Findings*, or who were alleged to have violated other Articles of these Anti-Doping Rules until it has been determined in a hearing in accordance with Article 8 that an anti-doping rule violation has occurred, or such hearing has been waived, or the assertion of an anti-doping rule violation has not been timely challenged. Once a violation of these Anti-Doping Rules has been established, it shall be publicly reported within 20 days.
